And we're off!

We are pleased to have successfully completed our first two months of service!

Naturally, there have been some mishaps along the way, such as missing a pickup or two and collecting the monthly cheque and leaving the "collection" on the front

door step, but most wrinkles have been ironed out now.

One of our newest ideas for Scoopy Doo is this monthly newsletter. We would like to use this newsletter to share information with our customers, tips, and also as a means

of communication. Also, if you have something you would like to share, we encourage you to send us an e-mail, leave us a note, or give us a call!

General information

We would like to use this opportunity to address a couple of minor issues. There have been some questions about the billing cycle. We were unable to use the same program as Bill used, but we are using one that is quite comparable. While the program isn't the same, the billing cycle is. The first billing cycle we completed was a 5 week month for some people, and a four week month for others. We can assure you, though, that that is the same way Bill did the billing. For everyone's convenience, we have included a small calendar that will display your pickup day (i.e. Monday), your payment-due date, and your invoicing date, when

you can expect to have your invoice delivered.

We believe we have managed to get e-billing sorted out, so, for those who have requested it, you will be receiving both a paper invoice and an electronic invoice. We would just like to ask that you confirm receipt of the electronic invoice, so that we know it is working.

We have had inquiries about service on July 2nd, and August 6th. Service will not be interrupted on Statutory holidays. We will keep you informed with regard to Christmas and New Year's service.

We have also had inquiries about online-banking for submitting payments. We

have inquired with our bank, and they have advised us that this service is not available at this time. While it is a service we would like to offer, regretfully, payment will have to continue to be made by cheque or cash.

Finally, a big thank you to all the Scoopy Doo customers!

The Scoopy Doo Team

This may seem like a one-man show, but the truth is there is actually quite a team behind the man!

My wife, Noreen, in conjunction with running her B&B, has been answering Scoopy Doo inquiries while I am out on the road.

My daughter, Samantha, while working full time, has taken over and set up the invoicing program, has designed business cards, brochures, a print-ad, this

newsletter, and she is in the process of working on a new web-page!

My daughter's boyfriend, Jean-Philippe, designed our latest cartoon (in the print-ad below), and works to keep all of our computers up & running smoothly.

My father, Don, for assisting with creative ideas for marketing, and for helping with navigation around the Saanich Peninsula! Of course, I have to

thank my two dogs, Pixie and Ceilidh, because without them, I wouldn't have needed the Scoopy Doo service myself, and wouldn't have had the opportunity to take it over!

Our First Print Ad

This is our very first ad, running in the James Bay Beacon's summer issue.

Pet waste disposal becoming a bit of a problem?

Scoopy Doo can help! Our services include yard cleanups, kitty litter and doggy doo removal.

Call or e-mail today for pricing and special offers! We make Victoria greener by taking away the brown!
